JR26M

TECHNICAL SPECIFICATIONS

General Specification

Type	QR code NFC (Near Field Communication) Smart Key Card Smart Key fob Silicon wristband
Reading Speed	0.5 second
Reading Distance	50-100mm
Working Temperature	0°C ~ 60°C
Relative humidity	10% ~ 93% (Non Condensation)
Storage Temperature	-40°C ~ 80°C,
Communication Interface	RS485, RS232, Weigand 34
Cable Distance	RS485 (120m), RS232 (5m), Weigand (30m)
Output	Card UID, Card sector number

Electrical

Input voltage	5-12 VDC
Operating Current	< 0.2A (Max)
Safety	EN 60950

Physical

Dimensions	90(W) x 22.5(D) x 90(H)mm
Weight	0.1kg
Housing Material	PVC + Glass
Colour	White
Operating Frequency	13.56 MHz

Dimension
